DONATIONS

The PTSO does not fundraise - we rely solely on donations made to the PTSO - especially during registration, which ensures we can fund events and activities starting at the beginning of the school year. There are a few options so you can choose what works best for you and your family. You can make a General donation with a suggested minimum of \$25, or you can choose to be a Dragon!

Red Dragon donors donate a minimum of \$100 to ensure student activities and events are funded. **Gold Dragon** donors donate a minimum of \$200 to ensure student activities, events, and student scholarships are funded.

Thank you so much for your contribution!

GET INVOLVED

The PTSO, in addition to providing funding for events, activities, partner gifts, scholarships, etc., also coordinates volunteers and manages food donations for several events and activities at the school. Please consider volunteering your time and/or donating food for upcoming events. Watch your email for opportunities to help. Thank you!

The use of edited movies or games to make them appear to have a lower rating is still unacceptable. Games and movies can only be played/viewed prior to school, during lunch or after school. I must present proof that media is appropriate for school. A teacher or administrator can judge any material, including Teen or PG-13 rated media, to be unacceptable for use in school.

GO GREEN– keep computers out of our landfills –

Student Application Process

1. **Who's eligible:** Every student, K-14th grade is eligible for a computer, our program is **NOT income based. Every child that applies receives a computer.**
2. Fill out an application.
3. Have your child write an essay on why they need a computer and how it will help their education. If your child is young, or unable to write an essay, a drawing will suffice.
4. **Processing fees:** There is a \$35.00 non-refundable fee, included in the processing, due when you send in the application. If you are unable to pay in full at that time, you can pay the remaining balance when you pick up the computer (See #7). We cannot accept checks on the distribution date.
5. **Processing time:** Allow 4 to 8 weeks for processing and preparation of your computer. Please include the application, the essay, and your check, or card numbers, when you apply. If we do not receive all 3 items it will delay the application process.
6. **Application is processed:** you will receive a letter in the mail stating a date when you can pick up the computer. At this time, there will be a class offered, where you and your child can receive a short demo by one of our "techs" to get you started and answer any questions. Because we have so many wonderful volunteers that help us with the program we ask that each child brings a thank you letter when you come. Your child is not required to attend but is welcomed to do so. A parent/guardian is needed to sign paperwork.
7. **Payment:** If you did not send a check for the entire amount due with your application, you will need to pay cash, money order or credit card, for the remaining balance when you pick up your computer.
8. **Applying yearly:** Students can re-apply and receive a computer yearly. CFK program is structured that a child may receive a computer from kindergarten up to the second year of college. If they chose to reapply every year your child could receive 14 computer systems through our program. Our goal is to keep students up to date with technology.
9. **Tech support:** All computers come with one full year of tech support (free). In the event that a computer must be shipped to us for technical support, CFK is not responsible for any shipping and/or handling costs.
