Partnership Opportunities

Internships

Students complete **280 hours** at a business location under the supervision of a mentor in the areas of Computer, Media, Network, Electronic, Software, and Web Technologies.

- Summer Intern -
Hire in May
Begin Internship June
20-25 hours per week
(minimum)

- Fall-Spring Intern -
Hire in early September
1:00-5:00 PM School Days
(Check School Calender)
10-20 Hours per week

Student compensation will be in the form of five graduation credits. Wages and/or stipend will be offered at discretion of the employer.

Job Shadow

Host a junior to experience the business environment for a day. Let students meet and observe technology industry professionals. Expose them to company culture and organizational structure.

Other Opportunities - Guest Speaking / Site Tours / Donations
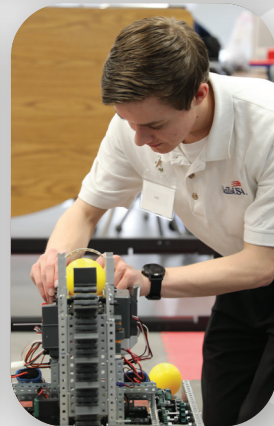

Projects

A project provides students with the opportunity to apply both customer service and technical skills, providing a link to the business community.

Projects are completed under the direction of technology teachers and are an extra volunteer student project.

Projects are in addition to regular course week.

Student compensation will be in the form of volunteer service hours, stipends, and/or scholarships.
