Dear Parents of 8th Grade Prospective Students:

Now is the time to start thinking about your student's choice for high school! This is an exciting time, and now more than ever, more educational choices are available for students. Meridian Technical Charter High School (MTCHS) offers a unique and comprehensive technical, professional, and academic high school education that prepares students to directly enter the workforce and/or attend college or technical school.

MTCHS is an exciting and innovative free public high school now in its 21st year of operation. MTCHS provides a comprehensive career-technical education in computer, electronic, media, network, software, and web technologies. These areas provide foundations to computer related engineering fields. At the same time, MTCHS offers a complete and rigorous high school academic program.

Our mission is to provide the highest academic, professional, and technical excellence for preparing students to directly enter the workforce or post-secondary education.

MTCHS prides itself on delivering a comprehensive technical and academic curriculum that prepares students to meet the challenges of the global workforce. Job growth in the technology field is expected to dramatically increase over the next several decades. MTCHS gives students a huge advantage by exposing them to new and innovative technology in high school while preparing them for today's job market. An integral part of the program is real-world experience including a 280 hour internship, resume preparation, professional dress, interview techniques, job hunting, and employer-employee relationships.

It is highly recommended students have a desire to learn about technology and the technical fields before applying to MTCHS. Students must understand MTCHS provides a rigorous, fast-paced curriculum that integrates a complete academic curriculum, professional employability, and state-of-the-art technical training.

Visit our website www.mtchs.org for a link to our online application, further information, and school tour dates. Please contact MTCHS's school counselor, Mary Helen Green (registrar@mtchs.org), for more information about our unique and exciting programs.

Sincerely,
Randy Yadon, Principal
